We would like to encourage you to use the opportunity to register:

- 3 dogs as a reserve in level IHT2 TS and/ or IHT1 TS

In case of free capacity, the dogs registered as reserves will be considered to compete as a standard competitor.

We would like to confirm that one handler can compete with maximum 2 dogs across the levels.

Up to date FMBB WC IHT TS Implementation Rules are published on the [www.fmbb.be/regulations/](http://www.fmbb.be/regulations/).

Get ready for the National Team Competition, where at least two dogs in any level representing the same country will create the National Team. The average of the average % score of all classes (both runs of all competitors) make the result for the National Team Competition.
