Specifications for the Organization of the FMBB World Championship IHT TS (International Herding Trials Traditional Style)

For the organization of the FMBB World Championships

1. General Provisions

- a. The WC Belgian Shepherd organizing party will uphold following regulations. In cases of doubt or possible exceptions, always contact the FMBB Herding Commission or the FMBB Board.
- b. The FMBB WC IHT TS must be held under the International IHT TS rules of the FCI.

2. Composition

- a. The FMBB World Championship IHT TS exits in three parts.
 - FMBB WC IHT TS World Winner category 1.
 - FMBB WC IHT TS World Winner category 2.
 - FMBB WC IHT TS World Championship category 3.

3. Competitors

- a. Competitors must have the qualification for the class they have entered according to the General Conditions for the Organization of FCI International Herding Events Procedure system.
- b. A handler can compete with the maximum number of two dogs.
- c. The maximum number of competitors per country is 5 with a maximum of 2 competitors in category 3 + maximum three reserve in category 3 and 3 reserves in category 2 + 1.
- d. If there is free capacity after the application deadline, the organizer can send the request to enlarge the number of participants per country to the FMBB Herding

Commission. If agreed by the Herding Commission, the Organizer must inform the applying countries about the possibility as soon as possible.

- e. The maximum dogs competing per day is, if only one class is organized in one day 20 for class 1, 18 for class 2 and 16 for class 3. For combination of class 2 and 1 in one day it is recommended 10 for class 2 and 10 for class

4. Judges, Stewards, and helpers

- a. Two judges with the qualification to judge international FCI trials must be invited. At least one of the judges should be of another nationality than the organizing country. One of the judges will be announced as the main judge.
- b. Two secretaries must be present to assist the judges during the entire competition.
- c. Sufficient number of helpers and helper dogs with appropriate herding skills for preparing and changing the flocks have to be present each day of the trial.
- d. Judges, secretaries, and stock helpers should be able to speak English (main language of FMBB).
- e. All other helpers as for example traffic exercise driver for category 3, or helpers to build the trial course must be organized by the organizer.
- f. The two judges must agree on the trial course and passages set up at least one month before the competition and send it by e-mail to the organizer, so that the organizer is able to prepare all necessary material to build the trial course properly.

5. Trial field

- a. The trial field must be outdoor of appropriate size, properly fenced and in such condition that it will be safe for the handler, dog and sheep.
- b. All general requirements must be in accordance with the General Conditions of FCI International Herding Event and FCI-IHT TS rules. In addition, there should be enough space to prepare the dog without disturbance by spectators or e.g. free running dogs.

6. Equipment

- a. All equipment must be in accordance with the FCI-IHT TS rules.
- b. Sufficient equipment for all classes must be available.
- c. Sufficient amount and good quality material have to be available to build the trial course according to the judge's set up.
- d. A field with natural obstacles which can be used in the trial course is preferred.
- e. The grazing area borders should be preferably marked by natural material, cut grass or plough line.
- f. Safe marking of the sheep for the catch exercise must be available (ex. animal spray marker, sheep collar)
- g. A save vehicle or other solution to execute the traffic exercise must be agreed with the judge prior to the trial and secured by the organizer.
- h. All equipment and material used at the trial course must be safe for the sheep, dogs, and handlers.

7. Sheep

- a. The flock of sheep must be of such condition and number to sustain a good quality welfare during the entire competition.
- b. All specifications concerning the sheep must be in accordance with the FCI-IHT TS rules.

- c. Flocks as large as possible for each run are highly recommended to be used to allow the dogs to perform their natural working style. The minimum number of sheep in flock must be in accordance with the FCI-IHT TS rules.
- d. Each sheep can be used maximum two times during the level 3 trial days. Each sheep can be used maximum three times during the level 2 and 1 trial days. In total at least 80 sheep plus sufficient reserve is required.
- e. Pens for sheep waiting or resting must be arranged in a way that eye contact is not possible between the resting sheep and the sheep on the trial course.
- f. It is recommended to build such number of sorting pens, that it is not necessary to select new flock after each run, but there are about 5 to 10 flocks sorted out and ready. This is to secure fluent progress of the trial and spare sheep from unnecessary stress.
- g. At the weekend, on Monday, Tuesday, and Wednesday before the start of the FMBB WC using of the trial sheep for any kind of trainings, trials or tests is strictly forbidden.
- h. During the entire event an access to water and feed must be secured for the sheep in the resting pens.
- i. During each trial day at least one hour break time should be scheduled for the sheep, ideally after the first half of the total number of runs. In this time the sheep should be let free to graze in the pasture.
- j. For each organization and in each country, local animal welfare regulations must be strictly followed.

8. Performance of competition

- a. All start numbers must be drawn by lottery. Competitors with two dogs are to be considered if both dogs are in the same class.
- b. The competition is to be held in the following way:
 - Thursday: class 1 first round, class 2 first round
 - Friday: class 3 first round
 - Saturday: class 1 second round, class 2 second round
 - Sunday: class 3 second round
 - Each trial will start by trial briefing for the competitors with the judges. The main judge will explain the expected execution of each exercise of the trial course.
- c. Individual competition
 - The best 3 competitors in each class must be awarded. The total points of both rounds awarded by both judges make the team's final score. Dogs receiving evaluation NPA and DISC will not receive any points. Dogs receiving RET evaluation will keep the points collected until they stop their run. In class 3 they are getting FMBB medals, the lower classes are getting awards from the organizer.
- d. Team Competition
 - The total average points result in category 3 per country makes the result for the team competition.

9. Trial course

- a. The plan of the trial course has to be published two weeks before the competition at the organizers homepage and have to be sent at the same time by e-mail to the team leaders. It is highly recommended to also publish the used equipment.

10. Timetable

- a. An appropriate timetable must be drafted, considering the number of participants in the different categories.
- b. A time and room must be provided for the number drawing and briefing, team leader meeting, judges meeting, trial committee meeting and veterinary control.

11. Insurance

- a. The organizer must have an insurance policy with sufficient cover for personnel, the trial supervisor, trial judges, helpers, and assistant dogs.
- b. Each competitor shall compensate the cost of any damage caused by his dog. Each competitor must provide proof with his registration application of holding a public liability insurance policy for consequences resulting from being a dog owner.
- c. The owner of the dog is responsible for any damage or injury caused by him or his dog.

12. FMBB WC IHT TS committee - Purpose of the committee

- a. Assists in the organization of the FMBB World Championships FCI-IHT TS.
- b. Decides upon issues that may cause several interpretations regarding regulations.
- c. Briefs judges.
- d. Communicates with the next organizing committees and the FMBB Board.

13. Competitors of AKC or CKC

Based on the letter of understanding between FCI and AKC and between FCI and CKC the dogs of AKC or CKC can participate at FMBB WCH FCI-IHT TS. The following requirements must be fulfilled by applying teams to be allowed to participate at FCI-IHT TS trials of FMBB WCH FCI-IHT TS.

To participate at FCI level:	CKC dog needs to fulfil:
FCI-IHT-1 TS	H.S. or S.D.S. title + T.D.S. one leg qualifying score as minimum
FCI-IHT-2 TS	H.I. or S.D.I. title + T.D.S. (or T.D.I.) one leg qualifying score as minimum
FCI-IHT-3 TS	H.A. or S.D.A. title + T.D.S. (or T.D.I. or T.D.A.) one leg qualifying score as minimum

To participate at FCI level:	AKC dog needs to fulfil:
FCI-IHT-1 TS	Course A or D HS started level title + Course C started level one leg qualifying score as minimum
FCI-IHT-2 TS	Course A or D HI intermediate level title + Course C started level (or intermediate) one leg qualifying score as minimum
FCI-IHT-3 TS	Course A or D HX advanced level title + Course C started level (or intermediate or advanced level) one leg qualifying score as minimum

To fulfil the required level an AKC dog can complete CKC titles and vice versa as per following table of equivalents:

CKC	is can be replaced by and vice versa	AKC
H.S. or S.D.S. title	=	Course A or D HS started level title
H.I. or S.D.I. title	=	Course A or D HI intermediate level title
H.A. or S.D.A. title	=	Course A or D HX advanced level title
T.D.S.	=	Course C started level
T.D.I.	=	Course C intermediate level
T.D.A.	=	Course C advanced level
